Dark is the night
And warm is the light of love in my heart
Out of the blue and long overdue
Now here you are
My heart took some twists and turns
Roller coaster lessons learned
More than ever I believe
There must be destiny

You were worth the wait
Worth every heartache
Cause every tear brought me closer
To finding you
Worth the wait
Worth every rainy day
And I'll spend the rest of my life
Reminding you, you were well worth the wait

I've played the game
Gotten carried away
On the whirlwind of love
I've flown with the clouds
Oh and I've cried out loud
Till I had enough
I've been through the valley low
Where the lonely heart must go
But it prepared me for the time
That mountaintop would be yours and mine

Worth the wait
Worth every heartache
Cause every tear brought me closer
To finding you
Worth the wait
Worth every rainy day
And I'll spend the rest of my life
Reminding you, you were well worth the wait

I've been through the valley low
Where the lonely heart must go
But it prepared me for the time
That mountaintop would be yours and mine

Yeah

Worth the wait
Worth every heartache
Every tear brought me closer
To finding you
Worth the wait
You were worth every rainy day
And I'll spend the rest of my life
Reminding you

Worth the wait
Worth every heartache
