Without me maybe you'd find somebody else
A little wiser with a lot more wealth
And without you it's true I'd be free
To go chasin' all my dreams without any strings

But I wouldn't want it any other way
Havin' you to come home to at the end of every day
Your tender touch puts a smile back on my face
I wouldn't want it any other way

Hard times, they may never let up on us
Maybe all we'll ever have will barely be enough
And babe you know how cold the wind can blow
But love has never let us down
When we needed it the most

And I wouldn't want it any other way
Havin' you to come home to at the end of every day
Your tender touch puts a smile back on my face
I wouldn't want it any other way

Your tender touch puts a smile back on my face
I wouldn't want it any other way
Just wouldn't want it any other way

Oh wouldn't want it any other way
Wouldn't want it any other way
Any other way
Wouldn't want it any other way
Any other way
No other way
