You're right, I'm wrong
I'm here, you're gone
And I'm the one to blame
That our love's at an end
I lied, you cried, I died inside
Now I'll do anything to get you back again

Step by step
Night after night
I walk the floor till mornin' light
Your leavin' words still haunt my mind
Cause I'm the fool who made you say goodbye

You're right, I'm wrong
I'm here, you're gone
And I'm the one to blame
That our love's at an end
I lied, you cried, I died inside
Now I'll do anything to get you back again
Day by day
Time after time
I did not see the warning signs
My beaten heart keeps telling me
It hurts to know that I caused you to leave

You're right, I'm wrong
I'm here, you're gone
And I'm the one to blame
That our love's at an end
I lied, you cried, I died inside
Now I'll do anything to get you back again
Yes I'll do anything to get you back again
