Here, making each day of the year  
Changing my life with a wave of her hand  
Nobody can deny that there's something there

There, running my hands through her hair  
Both of us thinking how good it can be  
Someone is speaking but she doesn't know he's there

I want her everywhere and if she's beside me  
I know I need never care  
But to love her is to need her everywhere

Knowing that love is to share  
Each one believing that love never dies

Watching her eyes and hoping I'm always there

Here, there and everywhere,  
Here, there and everywhere

I want her everywhere and if she's beside me  
I know I need never care  
But to love her is to need her everywhere

Knowing that love is to share  
Each one believing that love never dies  
Watching her eyes and hoping I'm always there

Here, there and everywhere  
Here, there and everywhere
