[Wigs]

Yeah, son, it's the Einstein Theodore theory, street  
philosophy

Step foot on our block, there's no way possibly  
Guns too big for you, to ever try stoppin' me  
Talk out your mouth, you better speak properly

[Trife Da God]

Aiyo, first of all, you ain't worth to brawl  
And my fifth, call it the gift, when I curse you all  
See I'm a soldier, look at my ranks  
On the block, we got that water bubblin' like we cookin'  
up franks  
This is Trife Diesel, get familiar with the name  
I'm here, to stay for a while, so steel it in your brain  
My guerrillas'll bang, we are the Planet of the Apes  
Clips as long as bananas, throw them hammers in your  
face

[Solomon Childs]

From the land of the pushers, hustlers and handlers  
With military, heavyweight standers  
Cameras on the cannons, move amongst hoes and  
gamblers  
Empties on my project balconies  
My guns vow for me, my bitch count for me  
I'm royalty, motherfucker gon' bow to me  
20-04, vampires that'll rip off your neck  
And eat your garlic, murder, from New York to  
Charlotte  
It'll beat a nigga down like Sonny Carlton, when he ran  
through a gauntlet

[Ghostface Killah]

Yo, my plate never pork, I sink deep into minds where  
you can't talk  
Cough it up, bitch, I shine like Chinaware  
Shine like the box in the live ball player amped  
Fuck Mike Jordan, it's P-Tone in the air  
Pullin' over NARCs with mad coke stashed in the spare  
Guns and all that, the NARCs said, why you dipped in

all black

Said, I'm comin' from a funeral, y'all boys can fall back

[Wigs]

It's Wiganomics, I drop like a brick in the third

And y'all fruit cake niggaz think my style's absurd

Only the birds I blow back, Staten Island super gat

Talk is pork, I get that money then stupid stack

Theodore, we state of the art, you wanna keep that

Chain around your neck, you better play your part

Cuz ain't a damn thing sweet, like the Wonka Factory

This the Enterprise/Theodore shit, you no match for me
