[Intro: Solomon Childs]

Yeah, you know

Niggaz keep talkin' bout

Theodore this, and Theodore that

Niggaz need to stop worryin' about the Theodore

Worry about your muthafuckin' self

[Chorus: Solomon Childs]

From the door, you gotta put in that work

Rep your work, move that work

Apply that work, kill or get hurt

Eastside, hear the adrenaline, dirty

[Solomon Childs]

Money make the world go round

Here, muthafuckas can't fuck with me, pound for pound

We only got one life to live, so I need a gangsta bitch

A ratchet with a big kick, captain of my own ship

Cuz fake niggaz dream too much

And talk too much shit, do it sound like I'm playin'

With you muthafuckas, go 'head, me squeeze like

Smucker's

This ain't a gimmick, for me to get on

Do an R&B remix with P. Diddy and R. Kelly

I don't know those muthafuckas

You see me in the club, high poster

Never who that, see me on the block with the roaster

Never who that, see me in somethin' pretty and big with the chauffeur

Never who that, model type, tipsy on the side of the coaster

Uptowns, white on white, valor suits, the color of _mocha

Upstate New York, ran with the trademark, the kid poker

I ain't talkin' bout a card game, talkin' bout blood on your face frame

[Chorus]

[Solomon Childs]

You bitch ass niggaz, you ass cheeks, and it reeks
Like the smell of dead Mafia, at the bottom of creeks
Mahonda speaks, that the true Messiah is speaked
This the first year of the future, walk with me, little
nigga
Order to my people, people to my order
And pull myself together with the thought of a flat five
For manslaughter, I'm prepared to lead nations
From Muslims, to Bloods, to Masons
Music to guide killas through out dreams
Of self destruction, 20-05 eruption
Get the drop on, who cousin? I believe in guns hustling
Blood in your mouth, mumbling
Misinformation is the height of ignorance
That invites disaster and suffering
To blow a whole through the fader
Theodore Unit AKA the Al Qadea

[Chorus]
