My heart is pumping, its beatin fast,
I cant believe its happened, finally, at last
Theres somethin in me, makes me feel good,
I'm in a whole new world, maybe its luck

The man of my dreams is here with me, he has come to
stay,
He's wrapped up in my arms, i feel so good,
oh he takes my breath away

I'm feeling happy, im smilin,
I got my life in front of me, who knows what love will
bring

The man of my dreams is here with me, he has come to
stay,
He's wrapped up in my arms, i feel so good,
oh he takes my breath away

Ive sorted my life out, and now im ready for action,
cos ive got u with me, and your my biggest attraction,
(oh, yeh, yeh, yeah)

The man of my dreams is here with me, he has come to
stay,
He's wrapped up in my arms, i feel so good,
oh he takes my breath away

The man of my dreams is here (oh yeh, yeh), hes
come, to stay
Hes wrapped up, i feel good (yeah, yeh, yeh)
oh he takes my breath away
oh he takes my breath away
oh he takes my breath, away
