### "Into My Blood"

Read between smoking silhouettes  
Did not catch sight of you yet

Oh why  
Is it so unkind?

Silver morning brings something to fight  
Into the frame of it's idiot night  
It keeps me inside

I wait all my life  
Just for the rush  
The passing of fire  
Into my blood

All the reasons that raced through my mind  
Just to keep me twisted and drowned (?)  
I leave them behind

Watch the people get tricked out of time  
Every dream they had passing them by  
It's freedom to find

I wait all my life  
Just for the rush  
The passing of fire  
Into my blood

Wait all my life  
Just for the rush  
The passing of fire into my blood  
Into my blood

Burn the secrets I know a landslide  
We'll always fall on the eclipse side  
Tell me I've got no other way home/down (?)  
The way  
I wait all my life  
Just for the rush  
The fear and the fight towards the inside  
Into the light, ready to burn

I wait no more or hang on my turn  
Move too slow, it's like waiting to die  
To diffuse my mind  
A dream that's/less defined (?)  
Into the flow/ hands to the floor (??)  
This feeling is pure  
They're shooting up love  
Into my blood  
Into my blood
