And I know everything about you
All there is to know
I'm lit up and

And I know everything about you
All there is to know
I'm lit up and

Haunt me
The only one I wish to see behind my eyelids
You stay here like a poison in my blood stream
Your bloodhounds they come around
At the foot of my bed
Why don't you do something?

I'm waiting

He came here naked as the starlight
Dancing on moon beams
His body was shed
And then he said

'You know where you can find me
Always around
I'm lit up and I'm up there
You know where you can find me
Rising your road
I'm lit up and I'm up there'

He said
'Your demons are gradually dissolving
And your virgin is wilder than the waves inside your
heart
Stop reaching for what wisdom has no time for
Find your wings girl
Search your spirit'

'You know where you can find me
Always around
I'm lit up and I'm up there
You know where you can find me

Rising your road
I'm lit up and I'm up there'

Dorothy says
'Love is like quicksilver in the hands
Leave the fingers open and it stays
Clutch it and it darts away'

So goodbye then
So long friend
My fear is gone

Would you visit?
Should you feel for it?
It's been so long
I think I can deal with it
