You know that guy  
who stole your girlfriend  
away from you  
in the summer of '95  
he's going to die

you know her name  
sits in your brain  
like a tumor  
eyes still shine in your memory  
she's going to die

well you can carry that grudge  
or you can let it go

but as sure as I'm singing this song, you know  
she's going to die, she's going to die

five'll get you ten so just let it go  
that she and he and i will hear the final chord  
just let it go, let it go, we're going to die
