You've been livin' with your broken heart
I've been trying hard to play the part
But some pretender with an easy smile can tell you it's
alright
I ain't got nothin' if you leave me now, just a hypocrite
with broken vows
If I could change the way of circumstance, I'd do it just
for you
I'm (still in love) I'm still in love
(I'm) these days (still in love) I find, I'm still in love
I've been staring in an empty glass
In a downtown bar, thinkin' 'bout the past
I'm spinning 'round you like a moth in flames, but I still
can't help myself
And should you tell me that you've changed your mind
Made some decisions, gonna cross that line
I can always be available, 'cos time is on my side
I'm (still in love) I'm still in love

(I'm) these days (still in love) I find, I'm still in love with
you
Time will tell the truth for us, it can only make us
strong, it'll be alright
(Solo)
I'm (still in love) I'm still in love
(I'm) these days (still in love) I find, I'm still in love with
you
(I'm) in your eyes (still in love) in my mind, I'm still in
love with you
(I'm) these days (still in love) I find, I'm still in love with
you
(I'm) can't you see me falling (still in love) I'm still in
love with you
(I'm) these days (still in love) I find, I'm still in love with
you
(I'm) can't you see me falling (still in love) I'm still in
love with you...
