You could be anywhere
But if you think of me
Know that you're on my mind
Got my soul in you hands
No matter what you do
I know it must be right
I'm a man of the world
And I've seen everything
And this time I see one I like
You're the one
That's keeping me wide awake at night
You are
You're the one
And you could be my lucky break
You just might
If you need me at all
Pick up your telephone
I'll be there overnight
Like a puzzle complete
We become as one
How could this not be right
I'm a man of the world
And I've seen everything
And this time I see one I like
Yeah
You're the one
That's keeping me wide awake at night
You are
You're the one
And you could be my lucky break
You just might

And I want the whole world to know
You're the one
You are
You're the one
You are
I'm a man of the world
And I've seen everything
And this time I see one I like
You're the one
That's keeping me wide awake at night

You are
You're the one
And you could be my lucky break
You just might
You're the one
That's keeping me wide awake at night
You are
You're the one
And you could be my lucky break
You just might
Yeah
You're the one
You're the one
You're the one
You're the one
