You are love
So I am love
You are joy
And so I am, joy
You are peace
So I am peace
Lord everything you are
Now becomes me

The line between
Where you begin
And where I end
Is gone, now IÂ'm inÂ...

(Chorus)
YOU, I know who I am
YouÂ're my true, born identity
IÂ'm not the one I used to be

For now there is no separating
YouÂ...from who I am

You are strong
So I am strong
You are power
And so I amÂ...powerful
You are mercy
So I am mercy
Cause everything you are
Has now become me

Anything less is not us
Anything less is not us
Anything else is not who we are
