Love to say Your name
Love to feel it falling from my lips
Resonates with me
I love to say Your name
It's the way they tell me who You are
And I believe
I love to see darkness flee
When I sing Elohim, my Creator
Adonai, Lord, my Master
My Provider, Jehovah-Jireh
God of blessings, El-Shaddai
I love to say Your name
Love to say Your name
Like a city on a hill, I will
Put them on display
Love to say Your name
There's a power and authority
Over my enemies
I love to see faces change when
I praise Elohim, my Creator
Adonai, Lord and Master
My Provider, Jehovah-Jireh
God of blessings, El-shaddai
I love to say Your name
El-Elyon, the Most High God
Jehovah-Shalom, the Peace of my heart
Jehovah-Rapha, God, my Healer
Jehovah-Shammah, never leaves us nor forsakes us
I praise Elohim, my Creator
Adonai, Lord and Master
My Provider, Jehovah-Jireh
God of blessings, El-Shaddai
I love to say Your name
I love to say Your name
I love to say Your name
I love to say Your name
