It's like a blind man in a dark room
Looking for a black cat that isn't there
It's like a man overboard in the high seas
Swimming for his life to find land anywhere

And everybody knows emptiness
Everywhere they're all on a quest
But nobody seems to know
The reason for their restlessness

Everybody's lost in aimlessness
But somebody brought hope to hopelessness
Now everybody needs to know
That they can know the master of the quest

It's like Don Quixote on his journey
His trusty sidekick by his side El Dorado bound
It's all around, it could it be you
People searching, are you searching for what I've
found?

'Cause everybody knows emptiness
Everywhere they're all on a quest
But nobody seems to know
The reason for their restlessness

Everybody's lost in aimlessness
But somebody brought hope to hopelessness
Now everybody needs to know
That they can know the master of

Don't you know He's at your door?
He is the one you're looking for
He is the one you're looking for

Everybody's lost in aimlessness
But somebody brought hope to hopelessness
Now everybody needs to know
That Jesus came to bring them rest

Knows emptiness
Everywhere they're all on a quest

But nobody seems to know
The reason for their restlessness

Everybody's lost in aimlessness
But somebody brought hope to hopelessness
Now everybody needs to know
That Jesus came to bring them rest
Bring them rest from the quest

He's the one you're looking for
He's the one you're looking for
