As I was out walking one night in the park  
Cupid was out on the town in the dark  
And I couldn't resist as I saw him walk by  
So I asked him why he had a tear in his eye

He said "I'm an outlaw but my hands are clean  
And I love this girl who won't look twice at me  
I've made love work for others and now it's my turn  
But these arrows are useless, they just crash and burn  
They're wide of the mark"

Cupid and Psycho, a couple much better apart  
When Cupid's in love  
It's Psycho left holding the darts  
And it tears us apart

Psycho was sitting on her balcony  
Framed on the wall by a heart made of ivy  
Cupid said "Stay here with me and you'll see what I  
mean"  
And he climbed on the tree that led up to his dream  
And she shook on the branch and he fell to my feet

Bruised but still breathing, his crestfallen love  
Cupid he said "Throw your hair from above"  
She said "Just leave me alone, I'm bound for my bed  
All the voices I'm hearing are just in my head  
All the voices I'm hearing"

Cupid and Psycho, a couple much better apart  
When Cupid's in love  
It's Psycho left holding the darts  
And it tears us apart

While Cupid is crying, love waits to be born  
Broken in pieces, alone on the floor  
He'd let go of the reins and the ride was insane  
If he doesn't get back on, will love live again  
Could we be in love? Would our hearts beat again?  
Could I love you? Could you love me?

Cupid and Psycho, a couple much better in two  
When Cupid's in love  
Psycho ends up so confused  
And it tears me and you
