You were beautiful, intelligent,  
Understood every word I meant  
You were full of charm, a little la di da,  
called you my mornign star.  
My bright one, my light one,  
Always welcome in my private room.  
You were my right hand man, as good as,  
Until you got a taste for the razmataz.  
And the knife twists  
You couldn't resist  
Well you put yourself top the VIP list.

And it's strange  
how things change  
you were my favorite angel  
I can still see you shining in the sun  
and remember how I spoke of you to everyone  
how I loved you  
Lucifer

Well it cut deep  
You Couldn't sleep  
Those dreams do not come cheap  
You learned from me  
Turned from me  
You were your own worst enemy  
Well not a word  
No goodbye  
Like lightning falling from the sky  
Changed your name  
Give it spin  
You have shed your original skin

Your dark noise  
is your seductive voice  
All my creatures spoiled for choice

And it's strange  
how things change  
you were my favorite angel  
I can still see you shining in the sun  
and the hollowed out Bible where you kept your gun

I loved you  
Lucifer  
I loved you  
Lucifer

You loved yourself much more than me  
You could no longer call me Sir  
But I loved you the most  
My little saboteur

And it's strange  
how things change  
Now your my favorite danger  
I can still see you shining in the sun  
Strange how it surprises almost everyone  
how I loved you  
Lucifer  
I love you  
Lucifer  
and I need you  
Lucifer  
I love you  
Lucifer
