The best nights are the simplest  
Red wine, nude lips and a simple kiss  
Yeah, letâ€™s test the waters  
Love makes a splash  
And you too thick to skinny dip  
Blinds close as the time goes  
The rooms pitch black we in a blindfold  
That overnight bag  
Handy when itâ€™s this late  
Hit the snooze button  
You takinâ€™ a sick day  
[Verse:]  
Itâ€™s only been like eight days  
All I ask is that you stay  
So many songs you could inspire  
Bring strong men to their knees and  
This is the summer season  
Donâ€™t know how I could get much higher  
[Chorus:]  
I gotta tell you  
Itâ€™s alright  
Whenever youâ€™re near me  
I donâ€™t need to hide  
Iâ€™m feelin helpless  
And I, I donâ€™t need it  
Feel like Iâ€™m in love â€˜least  
Thatâ€™s the way I see it  
Itâ€™s like  
Ooh bada ba badu ba  
Itâ€™s like, itâ€™s like  
Ooh bada ba badu ba  
We donâ€™t need no words  
Itâ€™s like  
Ooh bada ba badu ba  
Everytime itâ€™s just like  
Oh whoa oh oh  
[Verse:]  
Cause when you look my way I  
donâ€™t know what to say I  
Havenâ€™t felt this in such a long time  
You know it  
So good when youâ€™re beside me

Arms feel right wrapped round my body  
Feel like I could be anywhere  
[Chorus:]  
I gotta tell you  
Itâ€™s alright  
Whenever youâ€™re near me  
I donâ€™t need to hide  
Iâ€™m feelin helpless  
And I, I donâ€™t need it  
Feel like Iâ€™m in love â€˜least  
Thatâ€™s the way I see it  
Itâ€™s like  
Ooh bada ba badu ba  
Itâ€™s like, itâ€™s like  
Ooh bada ba badu ba  
We donâ€™t need no words  
Itâ€™s like  
Ooh bada ba badu ba  
Everytime itâ€™s just like  
Oh whoa oh oh  
[Pusha T:]  
Yes  
Tryinâ€™ to get my mind right  
Juggling my time right  
Weekend getaways  
Ducking out the limelight  
Itâ€™s kinda  
Hard when you live under the spotlight  
Chauffeur'd  
Through the city like itâ€™s prom night  
Iâ€™m the talk you the walk of it  
Rumor mill? We the bulk of it  
They find fault with it  
Haters green like the Hulk with it  
Dirty money? Got a vault of it.  
Itâ€™s like  
Ooh bada ba badu ba  
Itâ€™s like, itâ€™s like  
Ooh bada ba badu ba  
We donâ€™t need no words  
Itâ€™s like  
Ooh bada ba badu ba  
Everytime itâ€™s just like  
Oh whoa oh oh
