See me down, see me out  
See those wings you gave me  
Watch me fly across the sea  
Count the ways you made me  
Walked in circles, walked the line  
Tripped through tangled heart strings  
Made an enemy of time  
Made a mess of all things  
All things

I have thought and think about  
What and how to tell you  
I have lived it seems without  
Learning how to be true  
But I meant every word I said  
From deranged to divine  
And I would do it all again  
As if for the first time  
The first time

The hurt that the head forgets  
The heart will always remember  
The hold that the hand regrets  
The heart remembers forever

I am sorry, I am so  
For the things you don't know  
And as for the things you do  
I am sorry for those too

Out of every broken heart  
Broken rule and promise  
I have made a rescue raft  
And sail towards you on it  
On it

The hurt that the head forgets  
The heart will always remember  
The hold that the hand regrets  
The heart remembers forever

Well, do you do you want me  
Do you know how to show  
How to show these things  
I just didn't want to have to ask

Just didn't want to have to  
Least of all people  
You

Should you find someone with whom  
There's no shiver or shout  
With whom never to assume  
To much rain or a drought  
Scratch your name into her heart  
Scratch away all the doubt  
Scratch my memory from your brain  
I'll scratch her fucking eyes out  
Eyes out

I was put together wrong  
Still I was made for you  
When our stitches come undone  
We come together like glue  
Like glue
