It's not safe to talk here
The walls are listening
The line is so clear
Almost feel your skin touching my skin
So push the light switch
Spark up another cigarette
Breathe in slow, slow, slow
Explode, explode, explode

So push your fingers in
Come on and touch my frightened heart
Bring your quiet mouth closer
Come apart
I want to smash through
Smash through this moment 'til it's gone
Just want to have you
That's all, that's all, that's all

Please don't stop
Be mine in a carpet made of stars
I close my eyes and dive in
Please don't stop because I'm scared to
Please don't stop because I'm scared to
