A devilish light traps, defines my shape
Oh, you are easier than me
Oh me envious, naked and strong
Envious, and different in time
What brings you back to me again?
Again, oh
You touched my life this way
I don't know you

You said I was
You said I was beautiful
And then you let everyone touch you
I don't know who

You say

'Don't you know, I'm happy for your sake
Can't you see - it's easier for me?'

Everyone, everyone could tell me it's true
Everyone, everyone but me
What takes you away from me so soon?
So soon, so
You're taking it all away
I don't know you

But you said I was
You said I was beautiful
And then you let everyone touch you
I don't know who
Come down
Down down ribbons
They're falling down
And they're loosening around my neck
And inside bloated seeds silence is you
The sound of beauty's song
A heart broken on jagged edge
A heart broken on your unkempt melody and face
My love, disentangle me
I don't know you
If you see me, unable to see from miles away
The beauty of me

I feel like I could be hanging on your door
I know I'll never have your soul
But say we'll always be good friends
Say that you'll always be
I feel like I could be hanging on your door
I know I'll never have your soul
But say we'll always be good friends
Say that you'll always be
I feel like I could be hanging on your door
I know I'll never have your soul
But say we'll always be good friends
Say that you'll always be here
