The road to hell is paved with gold  
From where I stand it's clear  
The story of my life unfolds  
And all I have at last is here

My mask concealed no treachery  
Your heart was on your sleeve  
I removed your veil of innocence  
With no intention to deceive

Our trust was built on promises and all that I held dear

You were the one who stole my heart  
When it was yours for free  
And then your life was torn apart  
And it was plain to see, how far I'd fall  
A chasm deep, beyond belief  
And now I'd give it all ..To catch a thief

Your character was plain to see  
I stumbled then I fell  
Your silver words spelled tragedy  
Although you seemed to wish me well

Then I gave so easily, someday you will repay

You took away my will to live  
I took all that you had to give  
Now I have nothing, I have nothing to lose  
But the pain and misery of losing you  
And I really cannot see me pulling through

My story ends not here I see  
Your debt is overdue  
I need no mercy, take my life  
'Cause now my heart belongs to you

We can rebuild our lives again and our reward is here

You are the one who holds my heart  
I give it willingly  
You turned my whole life inside out

And now it's plain to see I had to fall  
In love so deep beyond belief  
And yes, I have it all .. To catch a thief
