(don van tress)

She's the promise of pearl in a pool of heartache  
She's the perfect little truth wrapped in little white lies  
Like the wind she will turn  
She can state the case now and then  
Ignore the truth  
When it ain't on her side  
When her eyes claim that she's a lady  
You better treat her as such  
But comfort the little girl when her world gets too rough

If she  
If she's the woman that you live for  
Make her feel how much you need her  
If she's the woman you love

In the moment that your lives touched  
There was something in the stars  
That made you feel you'd probably die  
Just for a good morning in her arms

'cause you knew you'd seen an angel  
And you were sure she'd fly away  
But she chose you when she landed  
And gave her heart away

So she's your mystery trip into each new tomorrow  
She's the first to laugh and she's the worst to cry  
She's like the tide 'neath your ship  
But all the fall and rise is just a call to dance

And she's always in time  
And her love is like a river in a poem  
Penned in wine  
That takes you floating forever rhyme after rhyme

If she  
If she's the woman that you live for  
Make her feel how much you need her  
If she's the woman you love
