Misery Farm

We've got a farm, a barn of a farm  
Right in the middle of a swamp  
Now there ain't any charm in our little farm  
Right in the middle of a swamp

All the hens won't lay, we can't make hay  
We work all day and we get no pay  
We're all miserable, all so miserable  
Down on Misery Farm  
So are the animals, so are the vegetables  
Down on Misery Farm

Oh there's pigs and sheep all fast asleep  
Right in the middle of our room  
Mother can't cook 'cause she's feelin' crook  
And the straw's warn out on her broom

All the hens won't lay, we can't make hay  
We work all day and we get no pay  
We're all miserable, all so miserable  
Down on Misery Farm  
So are the animals, so are the vegetables  
Down on Misery Farm
