Day by day
Turn insane
(We turn insane)
Safe to say
(And it's safe to say)
Who's to blame
(We never tried that way)

Things we said
Things we did
Things we used
Worked a bit
(To make it work a bit)

Sixteen times
Change your mind
(You've changed your mind)
Realize
(You've realized)

Compromise
(That you are not that kind)
Sixteen fiends
Sixteen fights
Sixteen days and sixteen nights

And after it all
You still feel cold
