Hey, I'm sad because I'm lonely, yeah
I'm sad because I'm mortal, yeah
(I can't help it, I can't help it)
Hey, I'm sad because I'm awesome, yeah
I'm sad because I'm awful, yeah
(I can't help it, I can't help it)

Hey, nah nah nah nah nah nah
Hey, hey

Hey, I don't believe in what I do
I don't believe in what I am
(I can't help it, I can't help it)
Hey, these scientists predicted all
And science makes me feel so small
(I can't help it, I can't help it)

Hey, I'm only twenty years old
Hey, hey
