Howlin' and barkin' at the moon  
I need some help and it better get here soon  
I can't get it together cause I'm feeling bad  
It wouldn't be such a problem but you the best love I  
ever had

Itching and scratching all over again  
Trying to figure out where the hell you been  
I can't get it together cause I'm feeling bad  
It wouldn't be such a problem but you the best love I  
ever had

Moaning and groaning I must confess  
Finish what you started and get me out of this mess  
I can't get it together cause I'm feeling sad  
It wouldn't be such a problem but you the best love I  
ever had

Moaning and groaning I must confess  
Finish what you started and get me out of this mess  
I can't get it together cause I'm feeling bad  
Best love I ever had

Itching and scratching all over again  
Trying to figure out where the hell you been  
I can't get it together cause I'm feeling bad  
It wouldn't be such a problem but you the best love I  
ever had
