Liars talk and fools like me believe  
I keep hanging on where love is gone  
Trusting along  
Now liars like to see a fool like me

Love is lost but fools like me don't see  
I don't realize at all those lies  
Get surprised  
When love cease to be, a fool like me

I don't know, I don't care  
I know there's somewhere  
Some love is gonna be true  
I'm gonna find her too

Such a course fools just can't conceal  
How I cling to you, though we're through  
What can I do?  
Just to break free, a fool like me

But I don't care  
I know somewhere  
Some love is gonna be true  
I'm gonna find her too

Liars talk and fools like me believe  
I keep hanging on where love is gone  
Trusting along  
Now liars like to see a fool like me, a fool like me
