hello sundown,
im so glad ur here
why i been waiting on so for u to appear
cause i know when the sun goes down
thats the only time
my lover can come around
hello sundown
and good bye pain
we'll mee the smae time tomorrow in lovers lane
i know u belong to another man
and i got to see him anyway i can
hello sundown
now we know its wrong
dont cha we tried to fight it for so long
temptation and desire
dont cha know
thats enuff to set anybody's soul on fire
sundown, oh baby
aw,
you's only one to hide our wrong
oh yeah
oh yeah
haha oh baby
woah lord
