I've been born again, I'm a brand new man  
Kind of brand new, I've been born again  
Saturday night in the city, parties on every block  
It's a temptation for a man who loves to party  
But my party days had to stop

So brothers, you can keep your street life  
Changin' women like you change your clothes  
'Cause every woman I need, she's wrapped up in one  
My love just grows and grows

Well, a whole lot of women is an ego trip  
I'd rather spend my time kissin' baby's sweet lips  
I've been born again, there's a change in me  
I've been born again, I said a change, a change

I've been born again, there's a change in me  
I've been born again, I said a change, a change  
Oh, I'm not a Casanova, my playin' days are over

I think, I'm gonna start me a fire  
Got my matchbox in my hand  
Burnin' up the pages in my little black book  
Start my life all over again

I don't need no women in excess  
I can't afford to spread my lovin' around  
'Cause when my woman, she's needin' me by her side  
I just don't wanna let her down

Well, a whole lot of women is an ego trip  
I'd rather spend my time kissin' baby's sweet lips  
I've been born again, there's a change in me  
I've been born again, I said a change, a change

I've been born again, there's a change in me  
I've been born again, I said a change, a change  
Oh, I'm not a Casanova, my playin' days are over

Now I don't need a lot of women  
Just to prove my manhood  
I got me one special woman

So I can be the man that I should

Well, a whole lot of women is an ego trip  
I'd rather spend my time kissin' baby's sweet lips  
I've been born again, there's a change in me

I've been born again, I said a change, a change  
I've been born again, there's a change in me  
I've been born again, I said a change, a change
