You don't have to say you love me every time I turn  
around I don't mind  
If by chance you hurt my feelings and forget to say  
you're sorry that's just fine  
Cause the little things you do for me the things only I  
can see say it's so well  
That I can tell I can tell  
You don't throw a kiss my way with each pretty thing I  
say that's your way  
If I make a funny rhyme and you don't laugh every time  
that's okay

Some would say you're not concerned  
But come loving you so much I've learned to know you  
so well  
That I can tell I can tell  
[ guitar ]  
There will never be a need for you to ever prove your  
love is true  
And I know you can tell that I know you so well  
And I can tell I can tell
