One has my name the other has my heart
With one I'll remain that's where how my heartaches
start
One has brown eyes the other's eyes are blue
To one I am faithful to the other I'm untrue
One has my love the other only me
But what good is love to a heart that can't be free
If I could live over my live I would change
The one that has my heart would also have my name
[piano - steel]
One has my love the other only me
But what good is love to a heart that can't be free
If I could live over my live I would change
The one that has my heart would also have my name
