"Four"

It's a trip,
And the sooner the better I'll take it
Laugh all you want the last one is on you
With the lies and the pitfalls well I guess you're shakin'
Do a raid on the town leaving bodies around drag us
down

If you want me I'll forgive you
I'll give you four, give you four, give you four
But I won't jump to the drop of the line anymore

On this trip,
I could never leave town facin'
All the trite things in life going home would go by how
could I?
Well I am, a young guy you were once wastin'
In a bar wondering why life is passing us by how could
I?

If you want me I'll forgive you
I'll give you four, give you four, give you four
But I won't jump to the drop of the line anymore

As long if you give me what I want
I won't...

If you want me I'll forgive you
I'll give you four, give you four, give you four
But I won't jump to the drop of the line anymore
