Well I'm walkin' on air, I don't have a care  
I'm just as happy as I can be  
I love my baby & my baby loves me

Well I'm walkin' along, singin' my song  
I got a feelin' that's heavenly  
I love my baby & my baby loves me

(x2):  
She gives me kisses sugar sweet  
She gives me lovin' that can't be beat  
& when she whispers in my ear  
All my troubles seem to disappear  
Well I feel like a king who's got everything  
I'm up in heaven far, can't you see?  
I love my baby & my baby loves me  
Well I love my baby & my baby loves me
