We saw houses falling from the sky Where the
mountains lean down to the sand We saw blackbirds
circling 'round an old castle keep And I stood on the
cliff and held your hand

We walked troubles brooding wind swept hills And we
loved and we laughed the pain away At the end of the
journey, when our last song is sung Will you meet me in
Heaven someday

[Chorus] Can't be sure of how's it's going to be When
we walk into the light across the bar But I'll know you
and you'll know me Out there beyond the stars

We've seen the secret things revealed by God And we
heard what the angels had to say Should you go first,
or if you follow me Will you meet me in Heaven
someday

Living in a mansion on the streets of gold At the corner
of Grace and Rapture Way In sweet ecstasy while the
ages roll Will you meet me in Heaven someday

In sweet ecstasy while the ages roll Will you meet in
Heaven someday
