To love you so and still not have you will destroy me in  
time

So I'm goin' away where nobody knows me and get you  
off of my mind

I've packed my things a dozen times but unpack is all I  
do

Yes I'm still in town still around and still in love with you

I made it to the edge of town and turned around

I made it to the bridge downtown byt my nerve let me  
down

I tried to go but how can I leave when all roads lead to  
you

Yes I'm still in town still around and still in love with you

[ piano - steel ]

I made it to the edge of town...
