"Who Kept The Sheep"

Visit "[Who Kept The Sheep](#)" on MotoLyrics.com

The shepherds afar left their flocks by night

Followed the new star by its heavenly light

Did the lambs fear the wolves did they lay down and sleep

Who kept the sheep who kept the sheep

Did robbers not steal or did they fear the light

That the shepherds had followed night after night

Did they not stray did little lambs weep who kept the sheep who kept the sheep

Under the new star the new Saviour lay in his dim manger he lay on the hay

The shepherds that came had a vigil to keep

But who kept the sheep who kept the sheep who kept the sheep who kept the sheep
