Every time I look at you I fall in love  
All over again  
Every time I think of you it all begins  
All over again

One little dream at night and I can dream all day  
It only takes a memory to thrill me  
One little kiss from you and I just fly away  
Pour me out your love until you fill me

I wanna fall in love beginning from the start  
All over again  
Show me how you stole away my heart  
All over again

One little dream at night and I can dream all day  
It only takes a memory to thrill me  
One little kiss from you and I just fly away  
Pour me out your love until you fill me

I wanna fall in love beginning from the start  
All over again  
Show me how you stole away my heart  
All over again

All over again, all over again  
All over again, all over again
