Come along and ride this train
Come along and ride this rain
Cross the mountains, prairies, reservations, rivers,
levees, plains
Come along and ride this train

I know a land where mountain streams are running free
I know a prairie where there's miles between each tree
I know where there's people you would like to get to
know
Come along with me and go

Come along and ride this train
Come along and ride this rain
Cross the mountains, prairies, reservations, rivers,
levees, plains
Come along and ride this train

I heard a story that I'd like to share with you
I know a valley that I'd like to take you through
I will show you things that I am sure you'd like to see
Come along and go with me

Come along and ride this train
Come along and ride this rain
Cross the mountains, prairies, reservations, rivers,
levees, plains
Come along and ride this train

Come along and ride this train
Come along and ride this rain
Cross the mountains, prairies, reservations, rivers,
levees, plains
Come along and ride this train
