A cold bitter mist covers your eyes  
torment is raging in you  
But you can't change the smallest part  
of all the wrong you've done  
Lookin' back in anger like you do

I'm not preachin' I'm just talkin'  
but I believe in what I say  
That look of anger that you keep flashin'  
won't accomplish you anything today  
Reach out your hand someone will take it  
Someone took mine then I saw a different view  
I saw it'd take take a lot more lovin'  
And a lot less lookin' back in anger like you do

You're still a victim of the pornographic past  
The smutty face of evil showing through  
But you can't take away the scars  
that you put on that face  
Lookin' back in anger like you do

Now I ain't preachin' I'm just talkin'  
but I believe in what I say  
That look of anger that you keep flashin'  
won't accomplish you anything today  
Reach out your hand someone will take it  
Someone took mine then I saw a different view  
I saw it'd take take a lot more lovin'  
And a lot less lookin' back in anger like you do
