"No Expectations"

Come and take me to the airport
Come and board me on that plane
'Cause I've got no expectations
To ever pass this way again

Well, once I was a rich man
But now I am so poor
Never in my weary life
Have I felt like this before

Your love is like a diamond
And you cast your pearls to swine
And as I see you leavin' me
It drags my peace of mind

Come and take me to the airport
Come and board me on that plane
'Cause I've got no expectations
To ever pass this way again

Your love is like the water
It's sparking on the stone
Your love is like the music
First it's here and then it's gone

Come and take me to the airport
Come and board me on that plane
'Cause I've got no expectations
To ever pass this way again

Come and take me to the airport
Come and board me on that plane
'Cause I've got no expectations
To ever pass this way again
