Oh what a dream, oh what a dream

I dreamed I walked in a field of flowers
Oh what a dream
The houses all were silver towers
Oh what a dream
Beside the road an angel sat
I said, "Hello", and tipped my hat
And stopped when I saw her smile
And sat me down a while
I sat me down a while

Oh what a dream, oh what a dream
I tried the angel for a kiss
Oh what a dream
But she turned away and my lips missed
Oh what a dream
She said, "Sir, I'll have you know
I met you just a while ago
You're welcome for to sit
But calm yourself a bit sir
calm yourself a bit."

Oh what a dream, oh what a dream

I fell in love like one two three
Oh what a dream
I asked the angel to marry me
Oh what a dream
She said, "Sir I can't marry you
But I'm a dream that can come true
There are dreams of much my worth
That live upon the earth sir
That live upon the earth

Oh what a dream, oh what a dream
Then I awoke and found my love
Oh what a dream
As heavenly as one above
Oh what a dream
We'll marry on a sea of flowers
Home will be a silver tower

There'll be heaven in my life
With an angel for a wife
With an angel for a wife

Oh what a dream, oh what a dream
