Sunshine and showers and everything comin' up
daisies
Oh, what a good thing we had gone bad, oh, what a
good thing we had
Drive-in's and picnics end every day was Saturday
Oh, what a good thing we had gone bad, oh, what a
good thing we had

The whole wide world was jealous, we wouldn't hear a
thing they'd tell us
Never did need any money, everything was milk and
honey
Oh, long walks by the river, talkin' 'bout livin' together
Oh, what a good thing we had gone bad, oh, what a
good thing we had

Long weeks of waitin' and livin' for the day we marry
Oh, what a good thing we had gone bad, oh, what a
good thing we had
Happiness and laughter, we found everything we were
after
Oh, what a good thing we had gone bad, oh, what a
good thing we had

The whole wide world was jealous, we wouldn't hear a
thing they'd tell us
Never did need any money, everything was milk and
honey
Oh, long walks by the river, talkin' 'bout livin' together
Oh, what a good thing we had gone bad, oh, what a
good thing we had
Oh, what a good thing we had gone bad, oh, what a
good thing we had
