But if somehow you could pack up your sorrows  
And give them all to me  
You would lose them, I know how to use them  
Give them all to me

No use crying, talking to a stranger  
Naming the sorrows you've seen  
'Cause there's too many bad times, too many sad  
times  
And nobody knows what you mean

But if somehow you could pack up your sorrows  
And give them all to me  
You would lose them, I know how to use them  
Give them all to me

No use rambling, walking in the shadows  
Trailing a wandering star  
No one beside you, no one to guide you  
And nobody knows where you are

But if somehow you could pack up your sorrows  
And give them all to me  
You would lose them, I know how to use them  
Give them all to me

No use roaming, walking by that roadside  
Seeking a satisfied mind  
There's too many highways, too many byways  
And nobody's walking behind

But if somehow you could pack up your sorrows  
And give them all to me  
You would lose them, I know how to use them  
Give them all to me  
You would lose them, I know how to use them  
Give them all to me
