To love you so and still not have you will destroy me in
time
So I'm goin' away where nobody knows me and get you
off of my mind
I've packed my things a dozen times but unpack is all I
do
Yes I'm still in town still around and still in love with you

I made it to the edge of town and turned around
I made it to the bridge downtown by my nerve let me
down
I tried to go but how can I leave when all roads lead to
you
Yes I'm still in town still around and still in love with you

I made it to the edge of town and turned around
I made it to the bridge downtown by my nerve let me
down
I tried to go but how can I leave when all roads lead to
you
Yes I'm still in town still around and still in love with you
