School is out  
Come on, let's go

Come on, baby  
Let's hit that road

(CHORUS)  
We're going down to the shore  
Just like we did once before  
Cause there's no school anymore  
So, baby, meet me at the shore

Hey, there'll be lots of fun  
Yeah, lying in the sun  
One the boardwalk, holding hands  
Beach parties in the sand

Everybody's gonna be there  
The hippies, the conservatives  
And even the squares  
Dancing til we can't no more  
Come on and meet me at the shore

We're gonna swing every single night  
Everything's gonna be all right

(CHORUS)

Hey, there'll be lots of fun  
Yeah, lying in the sun  
One the boardwalk, holding hands  
And beach parties in the sand

Everybody's gonna be there  
The hippies, the conservatives  
And even the squares  
Dancing til we can't no more  
Come on and meet me at the shore

(CHORUS) 2X to fade
