yearning for their

Homes)

Laduma ! laduma !

(goal ! goal !)

May you run like the wind

May you aim be true

May your spirit hold

The battle through

May your blood sing

God give you wings

On that field of dreams

We stand with you

Chorus

May you dance your play

May it run your way

May your mighty hearts

Burn a southern flame

May your moment come

May you get your chance

May we all stand proud

On the fields of france
