She can put shoes under my bed anytime
Matter of fact she can move right into my life and stay

We became buddies a long time ago
So I think I'm gonna tell something I think you should
know
Now you don't recognize what's right before your eyes
The best you've ever had you're gonna blow

You have a girl that loves you she could never be
untrue
Well buddy let me say that's more than I can say for
you

If giving her some happiness is messing up your plans
I'll be more than happy to take her off your hands

I mean that she can put her shoes under my bed
anytime
Anytime she's ready mmm it'll be okay
She can have the key to my door anytime

And she can move right into my life and stay

Now you don't have to listen just keep doing what you
do
She's only one more hurt away boy from walking out on
you
But if you want to keep her one thing you better know
Once she gets to walking she won't have far to go

You know that she can put her shoes under my bed
anytime
Anytime that woman's ready mmm it'll be okay
She can have the key to my door anytime
And she can move right into my house and stay

I mean that she can put her shoes under my bed
anytime
Anytime she's ready mmm it'll be okay
She can have the key to my door anytime
And she can move right into my life and stay
