It's late at night and we're all alone
Just the music on the radio
No one's coming no one's gonna telephone
Just me and you and the lights down low

And we're slow dancing swaying to music
Slow dancing me and my girl
Slow dancing swaying to music
No one else in the whole wide world just you girl

We just flow together with the lights are low

Shadows dancing all across the wall
Music's playing so soft and slow
The rest of the world so far away and small

And you're slow dancing swaying to music
Slow dancing me and my girl
Slow dancing swaying to music

No one else in the whole wide world

Hold me aw hold me
Don't ever let me go

As we dance together in the dark
So much love in this heart of mine
Whisper to me, hold me tight
You're the one I thought I'd never find

And we're slow dancing swaying to music
Slow dancing me and my girl
Slow dancing swaying to music
No one else in the whole wide world

And we're slow dancing swaying to music
Slow dancing me and my, my, my, my girl
Slow dancing swaying to music
No one else in the whole wide world, whole wide world
