Maybe she was smiling in the mirror  
Maybe I was too cause I was stoned  
Singing every sad song on the jukebox one more time  
Honey they were hitting close to home

And I said maybe this will make you think I'm crazy  
Honey don't feel lonesome if you do  
If you want to make a young man happy one more time  
I'd sure like to spend the night with you

And she said stranger shut off the light and lead me

Somewhere shut off the shadows too  
And while we lay there making believe you love me  
Stranger could I believe in you?  
Maybe you got all you got together  
And maybe you keep rolling like a stone  
Maybe some old lonesome song will take you by  
surprise  
And leave you a little more at home

And she said stranger shut off the light and lead me  
Somewhere shut off the shadows too  
And while we lay there making believe you love me  
Stranger could I believe in you?

And she said stranger shut off the light and lead me  
Somewhere shut off the shadows too  
And while we lay there making believe you love me  
Stranger could I be leading you?
